

Meaningful Recovery Program

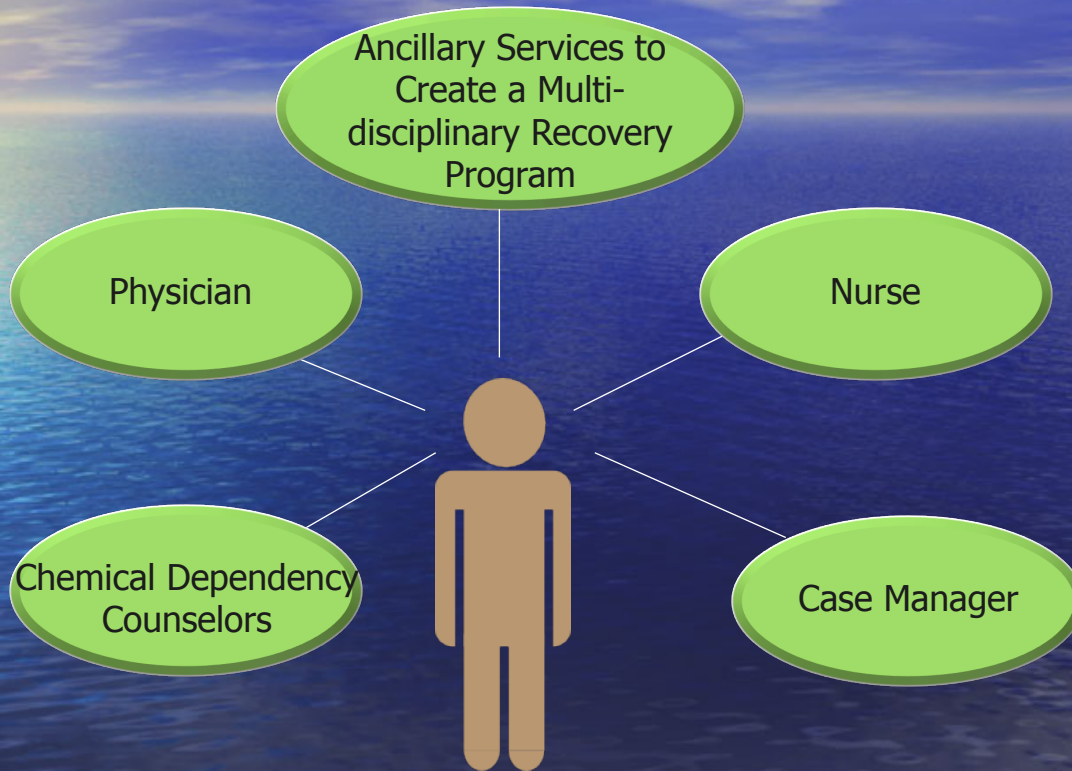

Addiction Recovery

You
cannot **THINK**
your way into
behaving better
but you can
BEHAVE your
way into better
thinking

The brains of individuals who are addicted to drugs (or even food) differ dramatically from those who are not addicted.

A Multi-disciplinary Recovery Team

Medical Assisted Outpatient Recovery: Allows you to carry out the current responsibilities in your life - while we take the Recovery to you--NOT take YOU to Recovery

Make
this your
last
intensive
treatment
program for
addiction

Meaningful Recovery Program

We provide an alternative approach to traditional programs by offering a medically assisted treatment program that is tailored to you!

We are guided by evidence-based treatments and the latest advances in alcohol and drug rehab, allowing for the effective treatment of addictions to tobacco, alcohol, amphetamines, and opiates.
